PRESS RELEASE

New: Fully integrated vacuum and heating drawers from V-ZUG

They are the ideal supplement to ovens and steamers and offer you a little everyday luxury: vacuum, warming and system drawers from V-ZUG. If you appreciate convenience in the kitchen and enjoy little extras, the drawers are just the thing. The manufacturer of household appliances now even has a fully integrated vacuum and warming drawer in its range. The drawers disappear behind the unit fronts for even more perfection and aesthetics in your kitchen. In addition to looking good, a warming or vacuum drawer offers you numerous functions. Whether for heating cups to enjoy the perfect cup of coffee or for vacuum-sealing food in preparation for the Vacuisine cooking method: the drawers will spoil you with practical functions for both daily use and the perfect dinner.

About V-ZUG

V-ZUG is the leading Swiss household appliances brand and has its head office in Zug. For over 100 years, the company in the heart of Switzerland has been developing and producing innovative kitchen and laundry appliances which make everyday life easier while inspiring and delighting users – for a lifetime of enjoyment. V-ZUG has 10 display and advice centres and 16 service centres in Switzerland and is represented internationally in 18 countries. The company has around 1,400 employees worldwide and trains over 70 apprentices. As the market leader in Switzerland, V-ZUG is also committed to improving the economy, society and the environment, in addition to pursuing its own business operations. Together with its sister company Gehrig Group AG and subsidiary SIBIRGroup AG, the owner-operated company belongs to the Metall Zug group.

About Metall Zug

Metall Zug is a Swiss industrial holding company with its head office in Zug and offers a wide range of innovative and sustainable premium and precision products. The group is a technology leader and develops, produces and distributes appliances, machines and solutions through its household appliances, infection control and wire processing business units. The Metall Zug group consists of V-ZUG AG, Gehrig Group AG (Household Appliances Business Unit), the Belimed group (Infection Control Business Unit) and the Schleuniger group (Wire Processing Business Unit). The industrial holding company grew out of the metalwork company Metallwarenfabrik Zug which was established in 1887, and is still primarily owned by the founding family. The Metall Zug group employs around 3,600 people worldwide and is listed on the SIX Swiss Exchange.
