PRESS RELEASE

The Art of Innovation by V-ZUG @ Fuorisalone Milano

A visit to the museum brings you face to face with famous people, fascinating inventions and stunning works of art. A creative exhibition is designed to inspire, fire the imagination and amaze the visitor. That's exactly what we aim to achieve with our kitchen and laundry products, too. As a Swiss appliance manufacturer, we have been synonymous with innovative technology, elegant design, ease of use and Swiss perfection for over 100 years. Our high-quality solutions create a unique cooking experience that inspires people to get creative and delights those who love good design.

As part of Fuorisalone, we are presenting a stunning exhibition at the Museo Nazionale Scienza e Tecnologia, entitled 'The Art of Innovation by V-ZUG'. Alongside world-famous works by Leonardo da Vinci, we invite you to join us on an exclusive journey through the world of the V-ZUG brand. Learn more about our history, innovations and our unique approach to design and lifestyle. The exhibition is open to the public daily from 17–20 April between noon and 7.00 pm. Discover Swiss perfection for your home – and take home a little inspiration.
