Creamy, flavoursome and baked golden brown – classic potato gratin without cheese. Thin slices of potato, refined with cream and nutmeg, make it the ideal accompaniment to meat and vegetables.

## Ingredients

---

1 kg waxy potatoes, peeled, cut into 3 mm thick slices  
1 tbsp butter  
1 onion, finely chopped  
2 cloves of garlic, finely chopped  
250 ml milk  
250 ml full cream  
2 tsp salt  
Some pepper  
¼ tsp ground nutmeg

## Preparation

---

Layer the potato slices in the greased gratin dish. Melt the butter in a saucepan. Add the onion and garlic and sweat over a medium heat until translucent. Pour in the milk and cream, bring to the boil, season with salt, pepper and nutmeg, transfer to a measuring jug and blend to a fine purée. Pour the mixture over the potatoes. Put the gratin dish on a wire shelf in the cold cooking space and bake at 180 °C for about 50 minutes using the hot air humid mode.
