Action

Shaping

Mix hazelnuts, flakes and seeds on a tray. Remove the dough from the bowl and pull it across the work surface with the palms of your hands until a compact ball forms. Shape into a round or oblong loaf, brush with egg, roll in the nut mixture and place on a baking tray lined with baking paper. Cover and leave to rise at room temperature for approximately 30 minutes.

Baking

Preheat the cooking space with Professional baking glazed to 210 °C. Insert the tray into the cooking space and bake for approximately 45 minutes. Remove the bread and allow it to cool on a wire rack.
