One-pot pasta gratin: just add all the ingredients to the gratin dish and the oven does the rest. For days when you need something quick and easy!

## Ingredients

300 g pasta (e.g. shells or elbow macaroni)  
250 g champignons, cut into thin slices  
100 g air-dried ham, cut into thin strips  
2 onions, halved, cut into fine strips  
4 sprigs of flat-leaved parsley, leaves pulled off from stalks and finely chopped  
450 ml vegetable bouillon  
250 ml single cream  
Some pepper  
Some ground nutmeg  
150 g grated cheese (e.g. Parmesan)

## Preparation

Preheat the cooking space to 180 °C using the hot air humid mode. Put the pasta and all the ingredients up to and including the onions into an ovenproof dish and mix together. Sprinkle with parsley. Stir the vegetable bouillon and single cream together, season with pepper and nutmeg. Pour the mixture over the pasta and sprinkle the cheese on top. Put the gratin dish on a wire shelf in the preheated cooking space and cook for about 35 minutes.
