Veal chop

Salt the meat generously. Heat clarified butter in a frying pan. Sear the meat on all sides and season with pepper. Put on a wire shelf in the middle shelf position. Line a baking tray with baking paper and put in the bottom shelf position. Insert the food probe into the thickest part of the meat and connect it to the cooking space.

Using the soft roasting seared mode, cook at a food probe temperature of 59 °C for 2 hours.

Morel sauce

Quarter the morels, then rinse and drain well. Sweat the morels, shallots and garlic in clarified butter in a small pan over a medium heat until translucent.

Pour in the cognac and reduce by half. Stir the veal stock, double cream and cornflour together, pour into the pan and bring to the boil, stirring occasionally. Reduce the sauce over a medium heat to the desired consistency. Add salt, pepper and lemon juice to taste.
